

Hazardous Substances and New Organisms Act Quarterly Newsletter Subscription

- Do you manufacture, store, use, sell, or dispose of hazardous substances?
- Would you like regular topical updates emailed to you?

A subscription to our quarterly newsletter might be just what you need. We provide a two page newsletter every three months, emailed (or posted) direct to your contact person. The newsletters cover predominantly information relating to the management of hazardous substances, but from time to time we will also include relevant health and safety or environmental legislation updates. Advice and practical tips are also included; along with debrief notes from NZ incidents. Your staff can enter regular competitions and win prizes such as petrol vouchers, and ERMA codes of practice like segregation wheels etc. This newsletter is a proven tool for approved handler teams, health and safety coordinators and persons in charge.

Read and learn about:

- Regulatory change notices
- Person in charge knowledge
- Emergency planning tips
- Best practice advice
- Thresholds, triggers, and controls
- Approved Handler responsibilities
- Case studies from NZ incidents
- Test Certification regime notices

Subscribe for only \$150.00 plus GST per year, invoiced annually

The newsletter can be shared within your organisation and staff but we ask you refrain from emailing to external parties.

YES! Please subscribe me/us for the Hazardous Substances quarterly newsletter
